All: Paris!  
All: The city of dreamers,  
All: Paris,  
the city of kings!  
All: Paris,  
the City of lovers!  
Thief: And why not? The city of thieves...

All: Paris,  
the city of power  
All: Power and conspiracy...  
All: If you are looking for something  
All: You'll find it here, in Paris!

D'Artagnan: Here I am in the city of my dreams  
Here am I  
Till today just a country boy  
As from now...a valiant man of arms  
Chasing my dream, here in Paris  
The dream to become a Musketeer for the king!

All: If you are looking for something  
All: You'll find it here, here in Paris!  
Pariiiiis! Pariiiiii! PARIS

## ALL FOR ONE

Athos: All For One, One For All  
For many people just a phrase  
For us it s not, for us it s life (or death)  
Porthos: All For One, One For All  
You save a friend and when you're in danger,  
your friend is there, your friend is right behind!  
Aramis: All For One, One For All  
Throughout the land of France you hear it and know  
That we are here to defend... (our King and our Queen...)  
D' Artagnan: All for one, one for all  
Throughout the world and times to come  
The story told the song that will be sung

All: The dream to become a Musketeer for the King! For the King!

(Bis -Acelerado)

Rochefort: Heaaaaaaart!

MAYBE

I could take you walking along the river Seine  
The place is reflected on it, a wonderful scene!  
Then I could take over to our Nôtre Dame  
Though she was never finished we really like her like that!

And the gardens of París!  
You should see their flowers,  
you should feel their perfume in spring!

Then when its really nice in each other's company  
I could take you to visit my homeland in Gascony  
My river is a brook and my royal palace is a tree  
The forest is my kingdom and my crown is made of weeds!

Constance: Maybe, maybe, when I get to know him more  
I will really like him...

D'Artagnan: And maybe, maybe when I look into her heart  
I will like her even more than now...

Constance: Maybe it s you, who will make my dreams come true...

D'Artagnan: And maybe it s you... you'll make all my dreams come true...  
Maybe...

Constance: Maybe...

C & D: I will hold your hand

Look into your eyes and I'll see that you are here...  
And maybe I will need to tell , oh! .. how this feels.

Constance: And tell you that I love you...

Dart : And tell you that I love you...

C & D No words can say, can say, how this feels

No words can describe, so I will tell you ...like this.
